F: Sixth Generation

This Genealogy tracks the descendants of Henry John Koenecke, Sr., born 1819 in Germany. The Koenecke family originated in Germany, in Hanover, Hamburg, and Bonanhausen. They owned the Koenecke Sausage Company.

NOTES: Although this is not an actual “tree,” names in the [Table of Contents](#) and throughout the document are hyperlinked (those are the blue underlined names). Clicking on a name in the [Table of Contents](#) goes to his or her listing: clicking on *that* hyperlink goes either up (to his or her original family) or down (to his or her marriage(s) and children). Clicking on a parent goes “up the tree.” That way, you can trace a branch of the tree both up and down.
